What They Say...

"I hadn't realised how one hour with a unique individual like Martin Hall can impact a group so profoundly."

Dr. Dallas Hartman
Manager, Biolab

"Excellent, simply excellent, providing a great way to close our event with the sounds of around 800 people breaking and then clapping boards. It was a great thrill for all."

John Danks & Son Pty Ltd

"Definitely a must for personal, professional and business development. After the first punch, I knew I was in for a fun time."

Chris Rulewski
Business Management Support, Telstra

"Tiffany Hall was the highlight of The National Leaders' Conference! She ran one of the most incredible and motivating sessions I have been privileged enough to take part in. She engaged the students in physical processes, whilst at the same time leaving them hanging on every word. Tiffany's ability to connect with every student in the room was simply amazing! Then again, after being apart of her session, that's just what Tiffany Hall is, amazing!

On behalf of yLead and The National Leaders' Conference I would highly recommend Tiffany to any school, business or group that is wishing to bring together a team of people and wants to challenge them to break through their barriers."

James Tierney
The National Leaders' Conference Coordinator
